A scatter plot showing the relationship between the year of birth (x-axis) and the number of children per woman (y-axis). The x-axis ranges from 1940 to 1990, and the y-axis ranges from 0 to 10. The data points are represented by black dots. The plot shows a general downward trend, with a notable dip around 1960 and a sharp increase around 1970. The data points are as follows:
